16. Old Age Home Visit – Silver Lining by NSS Cell

November 19, 2021

On the 19th of November, Project Vriddhi decided to visit an old age home named "Silver Lining".

A total of 6 volunteers reached the location while the residents were having a physiotherapy session. In the meanwhile, the volunteers prepared everything while the session wrapped up.

The event commenced with a brief introduction, where everyone got to know each other's names, hobbies, and interests. The first event lined up was 5-6 rounds of Tambola. The residents danced to a few of the songs from their generation, while others sang along. Even the caretakers joined in.

The activities were wrapped up and the volunteers spent some quality time with their newfound friends, exchanged phone numbers, had a few laughs, and said their goodbyes.

25. GREEN AUDIT REPORT

Date: 14th February 2022

The members of Nature knocks: The Eco Club of Maharaja Surajmal Institute carried out a 'Green Audit' on Monday, 14th February 2022 in the campus premises wherein the members carried out a task of identifying the various kinds of vegetation in the campus. The team was divided into four groups and each group was allocated a specific area of the campus of which they did the audit of the various kinds of trees, bushes, plants etc. of the area. The campus was divided into 4 broad areas namely the MSI building, Auditorium, Hostel and MSIT Ground. The members then clicked pictures of the trees and bushes of those areas and identified them and maintained a count of those greens on Google sheets. The members were able to identify the names of the trees using 'Google Lens' which further made them aware of the wide variety of flora in the campus. They also realized the various greens which provide immense benefit to the humans were planted inside the campus premises, like the *Dracaena trifasciata* or the snake plant, which provides oxygen in abundance and is beneficial in areas especially like Delhi where pollution levels rise high beyond bars. The 'Green Audit' was organized by the Faculty Coordinator of Nature knocks, Dr. Anupama Sharma and was coordinated by the President of the club, Bhavya Bhatia. The members of the club participated actively in the audit with immense zeal and enthusiasm, making the audit accurate and reliable. The aim of this audit was to know about the greens in the entire MSI campus province, to keep a count of the vegetation and to increase this count in the coming time so that the campus building is safe, eco-friendly and remains as beautiful as it already is with additional greens. The campus has a total of 111 Ashok trees, 85 ficus, 62 rubber figs, 11 fully grown palm trees, 7 fully grown Neem trees and a variety of other trees. Following are the details of Trees and plants.

In the Event

The event started with the introduction of our speaker, Major Akanksha, by NSS heads. Major Akanksha was honoured by a token of appreciation by the program officer of NSS MSI, Dr. Vivek Solanki.

Major Akanksha started by introducing National Cadet Corps to all the attendees of the event. We were enlightened about the various avenues and opportunities that we can come across, as members of NCC. Apart from our career interests, Major Akanksha instilled a feeling of "National Service" in the minds of each and every one of us.

The speaker helped us get a glimpse of all the multi-folds of the functioning of NCC from a close lense, so as to give us clarity as to what we can expect, if we opt to be a part of it. We were also made aware of the financial aspect of it, and the various ways in which the members of NCC are rewarded for their exceptional performance (cash prizes and opportunities to represent NCC at National level).

Participation:

The college auditorium was filled with 100% capacity, over 500 students, and there were many students who were waiting outside to be a part of the event. One could easily witness the zeal and enthusiasm among the students for NCC.

Organizer:

The event was organized by the members of NSS MSI, under the guidance of Dr. Vivek Solanki.

Conclusion:

The event was very interactive as we were given the opportunity to ask any doubt that we had in our minds regarding NCC and its functioning.

We were also given the opportunity to listen to the personal experiences of 5 NCC Cadets, which helped us understand the enormity of opportunities, discipline, selfless attitude and the love for nation that NCC instils in our mind and heart.

27. Literary Devices in Pop Culture + Writing Workshop

20th February 2022

Tark organised a fun-filled and creative workshop where the students had to recognize literary devices in their favourite radio hits. These devices included symbolism, alliteration, extended metaphors, juxtaposition, zeugma and more. These devices are very well placed by songwriters in their work to create an everlasting effect on the listener. As literary enthusiasts, our role was to identify them and have meaningful discussions on how we can use these in our work as well.

To incorporate that, we followed up the session with a writing workshop where every participant had to come up with a write-up that would include any of the literary devices we had a discussion about. Over 10 participants recited the work that they wrote and it was very well praised.

The session and the workshop were well received and was attended by over 60+ students. It took place on Google Meet at 5 pm.

28. Awareness Drive on Ban on Single-Use Plastic Items and promoting water conservation Date: 2 March'2022

An awareness Drive was carried out by the members of Nature knocks: The Eco Club of Maharaja Surajmal Institute, New Delhi under the aegis of the Ministry of Environment. Where the members made sure that they make aware of their fellow college mates on banning and discouraging the use of single-use plastic on campus.

Above mentioned awareness was made through advisory posters that were displayed on bulletin boards and eye-catching areas on the Campus.

The purpose of posting advisory posters on campus is to spread awareness about the harmful effects of single-use plastics and to restrain everyone from the use of plastic in their day-to-day life. They also spread awareness about water conservation, providing them ways to ensure that the water we use is not wasted.

- Students participated with great enthusiasm and camaraderie.

29. Celebrating International Women's Day

March 8, 2022

In the occasion of International Women's Day 8th March 2022, the Women Development Cell of Maharaja Surajmal Institute in collaboration with Delhi police conducted a self-defense session for students in the auditorium at 11:00 am.

WELCOME NOTE

The session was started with a welcome note given by our WDC student volunteer Disha Basera, she highlighted the importance of women's day in society and specified this year's goal that is to create a "gender-equal world". She also stated the significance of self-defense in day-to-day life and how it can save us from unpredictable and horrifying situations.

WELCOMING THE INSTRUCTORS

After the welcome note, our most prestigious instructors for the day, Ms. Shashikala, Ms. Geeta Ms. Amita from Delhi police were welcomed and were given a badge of honor from our convener of WDC Dr. Promila Dabas and MSI Staff members.

SELF DEFENSE SESSION

Our stage was blessed by the graceful presence of Ms. Shashikala, she explained the need and importance of self-defense and how women's empowerment has changed over the years. Serious issues such as victim-blaming, eve-teasing were called out and solutions were shared. Ms. Geeta and Ms. Amita showed us how to defend ourselves in unforeseen and unfortunate situations. Various types of attacks and blocks were shown by them and also gave many pro tips. Situational attacks and defense were also shown, per se in public transport or roads if someone tries to grope how to act in that situation. Shashikala ma'am also shared many real-life incidents of many women who faced this world bravely which inspired the audience to stand up for themselves and act bravely in every situation. In the end a concluding question answer session was also conducted by her to clear more doubts of the audience.

(2) Spin D Wheel

On 12th March 2022, the 'Spin D Wheel' event was conducted in Maharaja Surajmal Institute, coordinated by Anshita Yadav, BCA 2nd year and Deepika Singh, BCA 2nd year, under the supervision of Dr. Anshu Lochab. The event comprised of two games, Word Search and BGMI battle. The Word Search was organized in Room 304. In this, 27 students participated out of which 3 students opted to play individually and rest were divided in groups of two. Participants were distributed in three rows. Each group and individual players were given a sheet of paper containing the quiz. For round one, they were given twelve minutes to search words from the puzzle, mentioned in the index of the quiz. At the end of the round, the sheets were collected per row and the group or individuals were evaluated on the Round(I) two (two groups and one individual qualified for second round). Out of these three who scored maximum, was given the chance to spin the wheel, which had advantages and disadvantages in random order. The first group was asked to give the advantage/disadvantage to one of the two groups. The other two then competed for position 2. The one who scored maximum in second round, then competed with the one who scored maximum in round one.

The second game conducted was an online battle of BGMI. In this, twelve students participated and the one who was able to survive won the game. The winners of BGMI Battle are Aakash, BCA(E) 2nd year. The runner up is Abhay, BCA(E) 2nd year and the second runner-up is Nitish Kashyap, BCA(E) 2nd year.

(3) Dice Roulette

On the 11th of March, at 11:30 am, student coordinators Sneha Kashyap and Jasmehr Kaur Bhatia, under the supervision of Mr. Ravinder Kajal, conducted an event called the Dice Roulette. It was a very fun quiz- but with a twist: everything was controlled by a dice! A dice was rolled before each turn; the number that showed up on the dice determined which topic/theme the question asked was based on. A correct answer gave the teams 20 points, and a wrong answer gave them none. If the team decided to pass the question, the next team had the chance to answer it and score 10 points if they get it correct. The tricky part was: if the topic determined by the dice was not one that the team liked or felt confident about, before the question was presented to them, they could buy a re-roll of the dice for 10 points. Hence, if they wanted another chance at the dice roll to change the theme of their question, 10 points from their current total would be deducted.

The six themes on which questions were based were: Mythology, Finance, Sports, Politics, Technology, and Trivia.

Overall, all participants as well as the audience really felt intrigued by the new and unique concept of the game and appreciated the quiz. We would like to thank the Director, Dr. Rachita Rana Ma'am for her kind approval of the events and all teacher and student coordinators for their hard work and support in coordination.

REUSING AS THIRD 'R' OF SUSTAINABLE DEVELOPMENT 2nd April 2022

The members of Natureknocks: The Eco Club of Maharaja Surajmal Institute carried out a 'Reuse drive' on Saturday, 2nd April 2022 in the campus premises wherein the members and staff distributed reusable items to the students so that they can use them productively again.

The college had gathered reusable items like folders, file covers etc and conducted a drive to distribute these items to the college students so that these items don't go waste as these are made of plastic, which is as known, a major threat to the environment.

This initiative was taken by Dr. Anupama Sharma, Eco Club Coordinator, along with the members of the club who took part with great zeal and enthusiasm.

With this initiative, we aimed at instilling a sense of responsibility in the students for being responsible global citizens and work towards the betterment of the society at large. These small initiatives make a huge impact when clubbed together at a larger scale.

35 Alumni Session

April 12, 2022

Maharaja Surajmal Institute of Guru Gobind Singh Indraprastha University at Janakpuri, New Delhi organized an online Alumni session for the management students on 12th April 2022. The session began at 10 am with the alumni head Dr. Shailza Dutt introducing two of the distinguished Alumni of our esteemed college, Ms. Anushka Anchan, currently working as a freelance copywriter and Ms. Aayushi Bhardwaj currently working as a research analyst and an MBA student from DTU.

The speakers started off by introducing themselves and talked about college life at Maharaja Surajmal Institute and what goes beyond the college life. Anushka then started talking about the topics she wished to cover in the session namely, College Life and Beyond, decoding interviews, resumes and portfolios.

The session moved on with the Anushka taking up the topic of resume building and how to construct them. She talked about the basic etiquettes of a resume and portfolio, after which she asked everyone if they have resume or have worked in any company or have done any internships. Ayushi took over the topic of interview wherein she first discussed what interviews are and what is the purpose of having one. She further explained, the key things to keep in mind while taking an interview. The speaker and Dr. Shailza Dutt then emphasized points like being the initiator, don't stress, keeping the tone in check, overcome the anxiety and conclude for everything.

Both, Anushka and Aayushi explained their first job story. In which, they both talked about what one could expect from the corporate world. Anushka explained what they initially thought wasn't the first thing to the reality. It was hard to keep up with seniors and peers as everyone were at different levels and were doing various things at ones. They followed up this statement by introducing the ways one can overcome with anxiety whether it's related to expectation and reality, interviews, performance or even presenting a presentation. They told the students to be confident, remain calm and changing mindset. Lastly, the speaker discussed the topic of corporate life in pandemic where she emphasized using networking as a tool for growth. She also advised focusing on developing a distinguished skillset and always being vigilant to adapting new changes and try to be diverse as our society.

The speakers then took up some questions from the audience after which the Dr. Shailza Dutt personal anecdote and thanked the speakers and concluded the session at 11:08am.

MERAKI – THE FINE ARTS SOCIETY OF MSI-T EVENT REPORT – THE ART 5.
EXHIBITION

19-20 April FELICIA '22

"A SPLASH OF COLOURS, A SPLASH OF HAPPINESS"

An Art Exhibition – Felicia '22 was organized at Maharaja Surajmal Institute, Janakpuri. It was held on April 19th and April 20th by the Fine Arts Society of MSI-T. The two-day long event saw many artists and art lovers visiting the exhibition to witness innovative and abstract creativity of the young artists of the institute.

All the preparation for the event began 15-20 days prior to the event. Several online as well as offline meetings were conducted for the same. All the members of the society participated enthusiastically throughout the event. Each member of the society submitted their best artworks for the exhibition. All the arrangements were done under the guidance of Dr. Seema Shokeen, Faculty, Department of business Administration, Dr. Rajesh Gill, and Quincy Singh, the president of the society

An inaugural ceremony of the event was held on Day 1 i.e., Tuesday at around 11am. The event started as the chief guests and other dignitaries arrived at the college premises. Miss Quincy Singh, President of Meraki along with all the heads and deputy heads of the society welcomed guests. The event was further continued by the traditional ribbon cutting ceremony.

Felicia was one of the best exhibitions ever witnessed at the institute. The exhibition witnessed different types of paintings which beautifully crafted the history and culture of the Indian states. The paintings were depicting many art forms like Modern Art, Sketching, Portraits etc. The place of the exhibition and the stalls was well decorated by the students of Meraki.

Managerial competitions: Brand mad

Prelims – Ad-selfie

A riddle was given to the participants. The riddle was the combination of tagline, brand ambassador, old name of the brand, CEO/founder, any controversy related to the brand. The participants had to guess the brand name and then click a selfie with any product of it.

In the prelims they were allotted a riddle. They need to decipher the brand name from the riddle and then have to click a selfie with the brand logo or product of the brand within 10 minutes.

The first 8 teams that completed the task were qualified for the final round. Teams that brought their respective brand selfies in the given time were qualified for the next round.

We received participation from MSIT ,Tecnia ,CVS , Institute of home economics.

Round-2-After declaring the result for the prelims the teams were given a break of 10-15 minutes. The teams were briefed about the final round. For this round they were given 30 minutes for the preparation of the advertisement.

About the judges--Dravisha Katoch- An alumni of Ashoka university. She has done bachelors of science honors and computer science and entrepreneurship. She is the founder of Learn for less. She has been a tedx speaker for two times now.

Ms. Mrinalini Dogra- A digital content creator with aesthetic media. She has done bachelor of arts in BA political science and government from Delhi University. She has done her postgraduate diploma in advertising and marketing from APJ institute of mass communication and has been a marketing manager with visers media.

Clash of Kingdoms (Business simulation)

Prelims- Quiz based on logical reasoning and general knowledge. 12 teams registered out of which we shortlisted 8 teams according to their scores. Round 1- Each team was allotted a kingdom through lucky draw with certain traits. News flashes were given to them according to which they traded their resources. Round 2- 2 Kingdoms formed an alliance to fight against the third kingdom and the losing kingdom was eliminated. Round 3- In this round, we compared the intrinsic value of each resource of both the finalists and one with the higher value won the event.

3.Vichar - e – Vyapar-This was our flagship event, a Business Plan Competition consisting of a prelims quiz and then 2 rounds.

Total Participation- 20 Teams of 3 to 4 participants, out of which 10 teams qualified for the next round.

Shark tank Round - This was a seed funding round, where the participants had to seek investment from the sharks. Here, a few members of our team were the investors having fictional money, and the participants had to pitch their business plan to investors to convince them to invest in their business.

Participation - 3 teams qualified to the final round. **Final Round** - In this round, we invited judges to judge the pitches of the participants.

Ms. Chhavi Aggarwal, who's the founder of Moraze Cosmetics, is a student entrepreneur from the Delhi School of Economics and she's building a brand in the highly competitive industry of beauty and cosmetics. She is an unmatched inspiration for all young entrepreneurs. Our second judge was Ms. Amya Madan who is the founder of Écrivons and specialises in the art of graphology. The company has helped thousands of people develop their personalities and profiles based on the analysis of their handwriting and signature.

Fun Events Review Report-Fun Event- No.1 Yaari-This fun event was a blend of two games "Know Your Friend" and "Bet Your Friend". It had fun dares as well as questions which let one know how much they knew their friend. In this round of questions, we asked them questions related to how much they knew about their friend, and if their answers matched they got a point. Estimated No. Of Participants: 80-90 individuals. **Fun Event- Saanp Seedhi**- We're all familiar with the classic game of snakes and ladders, but our saanp seedhi event featured a twist: the pawns were our very own participants. We also took recordings of people dancing in amusing ways and encouraged them to upload them on social media. Many folks who are normally timid stepped forward and were fantastic sports!

environmental issues and the importance of addressing them on priority. The students of the Eco Club organised an 'Essay Writing Competition' on 22nd of April, 2022 in an online mode on the theme of 'Invest in your planet' to create awareness amongst the youth for creating a positive change in the society and encourage others as well to do the same. It is a fact that the aware youth of today can do anything if it wishes to and achieve the goals. The United Nations gives a lot of Importance on the role which the youth plays in today's time to create a change in the society for its benefit.

The participants submitted their originals through Google Forms. The winners were awarded with 'Certificates of Appreciation' and all the participants were given 'Certificates of Participation'.

This initiative was taken by Dr. Anupama Sharma, Eco Club Coordinator, along with the members of the club who took part with great zeal and enthusiasm. With this initiative, we aimed at instilling a sense of responsibility in the students for being responsible global citizens and work towards the betterment of the society at large. 41 BLOOD DONATION CAMP

April 28, 2022

A WORKSHOP BY PRAKRITI MSIT, NSS MSI, IEEE MSIT, Meraki and Innovision

In collaboration with the Rotary Club of Delhi Janak

OBJECTIVE

Blood donation is the greatest contribution one can make since it's all about giving others a second chance to live a healthy life. Blood is known to not have any substitutes and therefore we can give the gift of life and spread happiness by donating blood. After all, it is rightfully said that the tears of a mother may not be able to save her child, but our blood can.

By acknowledging this noble deed, Prakriti MSIT and NSS MSI have organized a 'Blood Donation Camp' to enable the masses to donate blood and save lives.

TIMELINE OF THE EVENT -The event was divided into two shifts, with time frames of 9 am-12 pm and 12 pm-3 pm. There were two blood banks, the Pitampura blood center and rotary blood center that were a part of this event. The Rotary club set up recliners on stage and Pitampura blood center set up a van outside the auditorium.

Rachita Rana
Pr. Director
Maharaja Surajmal Institute
C-4, Janakpuri, New Delhi-110058

The NSS volunteers followed a dress code of their official NSS T shirts and were given ID cards for easier identification. There was a reception desk where many volunteers registered their names for giving blood to any of the two blood banks. There were a few employees who asked some questions about the volunteers' health history and whether they take any specific medications. Some specialists present there, were checking the blood pressure levels, hemoglobin, weight, blood group, iron levels and other specific details mandatory for donation.

Post the donation, the noble donators also received bananas, juice and biscuits as refreshments and the specialists made sure they felt healthy after the blood donation process. Important medical tips were also shared by the doctors so that the volunteers felt good!

Invest in Your Planet

- *Sonali Mishra*

Our Planet is an amazing place, but it needs our help to thrive. That is why each year on April 22, more than a billion people celebrate earth day to protect the planet from things like pollution and Deforestation Demonstration to raise awareness about the environmental issues. Businesses, Governments, Individuals are the three pillars of Earth Day's 2022 theme "Invest in Your Planet". The Three pillars can be used to engage more than a billion people to recognize our responsibility towards our Planet and to help the world transition to an equitable, prosperous green economy for all. Everyone accounted for and everyone was accountable. Corporate Social Responsibility (CSR) is the practice of the concept that businesses have a responsibility to do good. This can be done through reducing carbon footprints participating in fairtrade goods, and having a push for diversity of any other socially and environmentally conscious investments. Amsterdam is pursuing a circular economy which means the sharing, reusing, and recycling of materials and products for as long as possible. There is a clear link between sustainable practices and a company's performance from operational activities to profits. Individual Consumer Carbon Footprints is the total amount of greenhouse gasses generated by our actions which need to be reduced to save the mother earth. There is no question that Earth has been a giving Planet.

48 Awareness Message on World Environment Day-5 June 2022

When the last tree is cut and the last fish killed, the last river poisoned, then you will see that you can't eat money. - John May.*

This World Environment Day-5 June' 22, we at NATUREKNOCKS are here with some questions....

How many times do you take a walk among the trees to curb your stress and anxiety? How many times does the smell of the wet earth after rain leave you spellbound? And how many times, amidst the gnarly sounds of cars and bikes, the chirping of just a single sparrow calms your soul? Now, try to forget all of it? Forget all the trees and also those shades of green? Forget that

Rachita Rana

Prof. (Dr.) Rachita Rana
Director
Maharaja Surajmal Institute
C-4, Janakpuri, New Delhi-110058

rain that brings relief from scorching heat and the scenery of the rainbow? Forget all those animals, birds, and fish that made you awestruck with their beauty?

At first, it may seem like a distant nightmare, but it is approaching reality.

Here are some of the many things you can do to save the environment from doom future: -

● Reduce, Reuse, Recycle: The age-old formula for conservation.

● Volunteer with NGOs: The best DIY cleanup project

● Use naturally made things Judiciously: Save resources, save the environment

● Afforestation: A must for everyone

● Make others aware: the least you could do

Remember, the future of the Earth is in our hands. Because no matter how many similar atmospheres one might discover in outer space, there will be **#onlyoneearth.**

49. Activity- Live Career Assessment Test -(June 18,2022)

Global services organised an online career assessment test ' Insight' on 18th June , 2022. It was based on aptitude, interest, personality, orientation style and emotional quotient. For taking the test first the students were needed to fill the registration form which was shared to them in their respective WhatsApp groups . The test was conducted through their website and the code was received to each student on their mail IDs.

In the test the students were required to answer various questions from each category. These categories were general ones which each one could answer . And the answer for each question varied from person to person requiring them to ponder upon their interests and aptitude.

The results were given in two forms first for each individual category and second the combined result for the whole test. The combined result had about top 5 career options for each candidate.

A SENSITISATION PROGRAMME ON LGBTGIA+ COMMUNITY- 30th June 2022

An initiative by Project Yuva, NSS MSI

AIM/ OBJECTIVE

Lesbian, gay, bisexual, transgender, and intersex (LGBTI) persons continue to confront widespread stigma, exclusion, and discrimination worldwide, especially in school, work, and health care, as well as in their homes and communities. Many LGBTI people are subjected to deliberate direct assaults and extreme violence. Thus, our society needs to recognise the unstoppable momentum toward unequivocal civil equality for every gay, lesbian, bisexual and transgender citizen of the country.

To understand its momentum, Project Yuva and NSS MSI organised a sensitisation programme on the awareness and support of the community and to unleash all the colours within us.

55 "PLANT OUT OF WASTE"- 25th to 31stjuly 2022

"I only feel angry when I see waste. When I see people throwing away things we could use"- *Mother Teresa* had rightly said, chiding rapid urbanisation used plastic bag, broken glass, obsolete cell phone, or used battery cells and other materials that can't degrade they are all used products and harms the environment. It's waste! Whether that's organic or recyclable or wet waste, we often throw it away without a second thought. Why? Because that's easier than leaving it lying about, thinking that we'll make better use of it somewhere around the house. But, that waste can be a real asset in the home, if only we think a bit out of the box. So, wondering how you can do more with the waste?

By keeping that in mind **We, the members of NatureKnocks: The Eco Club of Maharaja Surajmal Institute** conducted a event from the **Vintage upgrade series** from 25th to 31stjuly 2022 "PLANT OUT OF WASTE" – (what you plant today, you harvest tomorrow) through online mode.

In which participants have to make a DIY plant pot from scratch. From plastic bottles to cans, use any kind of waste material. They just need to think outside the trash. The event was enthusiastically attended by participants. Participants exhibited their talent and made very aesthetic items to decorate their homes with plants which are made out of waste. And also participants were thrilled to be a part of event.
