

## **Section 7.3- Distinctiveness**

### **Striving towards professional excellence by introduction of additional professional courses, enhancement of infrastructure and development of professional skills through various activities:**

The points elaborated below highlights the distinctiveness of Maharaja Surajmal Institute:

1. **Perennial expansion of courses along with development of infrastructure** – The institute from its very inception have always followed the perennial process of expansion of new courses along with development of infrastructure & learning resources. In the year 2022-23 the institute have added many new courses like B.A. LLB, B.B.A. LLB and MBA. Also for the smooth functioning of these courses two buildings have been constructed known as MSI Law block & MBA block.
2. **Learning process in various domains leading to professional excellence-** An important milestone of professional excellence is achieved through active engagement with societies for curricular and extracurricular activities.
3. **Skill Development** – Many skill development courses are regularly conducted in the institute like ICT based courses, teaching skill development through school internships, summer training programs, major project and minor project, moot court, career oriented skills as placement initiatives, pre placement activities, etc.
4. **Continuous work for placement initiatives** –. The placement cell tirelessly works to secure best placements for students that has resulted in the students getting placed in top companies and organisations with packages as high as 18.5 lacs p.a. Also, apart from promising placements, students of MSI have gone ahead and started their own business ventures.
